

THERE'S MORE TO COST THAN THE PRICE OF A PRODUCT

TURN INVENTORY FASTER

IMPROVE CASH FLOW

REDUCE INVENTORY DOLLARS

INCREASE SALES

CHANGING THE
MINDSET
ON THE HVAC
LINE SET!

Linesets, Inc. is the industry leader in HVAC/R line sets. Our ongoing commitment to listening and working with our distributors and their contractor customers allows us to provide innovative solutions of the highest quality and value. Every product design we offer reflects our many years of industry insight and service excellence.

TITANIUMTM
MAXIMUM PROTECTION INSIDE & OUT

TITANIUM UV LINE SETS

The Superior Choice
for Tear Resistant Insulation.

WE'RE THE LINE SET SUPPLIER YOU'VE BEEN LOOKING FOR!

In addition to offering the highest quality product made in the U.S., Linesets, Inc. boasts:

- » **5 Manufacturing locations - More production closer to the customer with shorter transit times!**
- » **Individually packaged - No master carton quantities to round up to.**
- » **No minimum order & FFA is only 60 line sets or 120 individual insulated lines.**
- » **Mix and match unitary and ductless line sets. ER insulation or ERC - Titanium insulation.**

OUR UNIQUE DAMAGE CONTROL CARTON ALLOWS YOU TO ...

- » Minimize and prevent damage in transit or warehousing. Reinforced package does not allow the coils to shift, bounce or bend like master carton boxes. Keeps insulation from losing form.
- » Center handles allows for easier handling and carrying for your employees and contractors unlike the cumbersome master carton boxes.
- » Ability to ship UPS or FedEx. A huge benefit with the new increased cost for larger boxes being charged by these carriers.
- » Free up additional warehouse space! More product fits in smaller spaces due to the minimized packaging and stacking features we provide!
